GAMAX FUNDS FCP

Notes to the Financial Statements as at June 30, 2023

Note 1 – General Information

GAMAX FUNDS FCP (the "Fund"), established as an umbrella fund, is a mutual investment fund for collective investment in securities ("fonds commun de placement") subject to the Law of the Grand Duchy of Luxembourg. The Fund fulfils the provisions of part I of the amended Law of December 17, 2010 ("Law of 2010") related to Undertakings for Collective Investment in Transferable Securities ("UCITS").

The Fund is managed by Mediolanum International Funds Limited (the "Management Company"), under the freedom to provide services in accordance with the art. 119 of the Law of 2010. It was established on March 27, 1997 as a private company limited by shares under Irish law and has its registered office at 4th Floor, The Exchange, George's Dock, D01 P2V6, IFSC, Dublin 1, Ireland. It has an authorised share capital of 6,250,000 EUR and allotted, called up and fully paid capital of 165,203 EUR. In the event of the appointment of one or more investment managers and/or delegate investment managers and/or cash managers, the Management Company will ensure the coordination of the activities of these managers.

Note 2 – Significant Accounting Policies

The Fund's financial statements are prepared in accordance with Luxembourg generally accepted accounting principles and the Luxembourg regulations relating to Undertakings for Collective Investment in Transferable Securities under the going concern basis of accounting.

(a) Foreign currencies

The accounting and financial statements of the Fund are expressed in Euro (EUR). The net assets as well as the market value of the investments in securities expressed in currencies other than EUR are converted into EUR at the exchange rate prevailing at the closing date. Income and expenses expressed in currencies other than EUR are converted into EUR at the prevailing exchange rate at the transaction date. Net realised gain or loss on foreign exchange is included in the Statement of Operations and Changes in Net Assets. The cost of securities denominated in currencies other than EUR is converted at the exchange rate prevailing at the date of acquisition.

(b) Valuation of outstanding forward foreign exchange contracts

Outstanding forward foreign exchange contracts are valued at the forward rate applicable at the closing date for the remaining period until maturity. There are outstanding forward foreign exchange contracts at period end. Net realised gain / (loss) on forward foreign exchange contracts and Change in net unrealised appreciation / (depreciation) on forward foreign exchange contracts are presented in the Statement of Operations and Changes in Net Assets.

(c) Valuation of outstanding futures contracts

Outstanding futures contracts are valued by reference to the last available settlement price on the relevant market. Upon entering into a futures contract, the Sub-Fund is required to deposit, with the Broker, cash in an amount equal to a certain percentage of the contract amount which is referred to as the "Margin account". Subsequent payments are made and received by the Sub-Fund periodically and are based on changes in the market value of the open contracts.

(d) Valuation of outstanding options contracts

Options are valued in accordance with the last known market price at the closing date.

(e) Valuation of assets

The net asset value is calculated in accordance with the following principles:

- The value of any cash on hand or on deposit, bills and demand notes and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received is deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof is arrived at after making such discount as may be considered appropriate in such case to reflect the true value thereof.

- The value of assets, which are listed or dealt on any stock exchange, is based on the closing price of the preceding business day on the stock exchange, which is normally the principal market for such assets. If an asset is listed on multiple stock exchanges or regulated markets, the closing price on the stock exchange or regulated market which constitutes the main market for such asset is used.

- The value of assets dealt in on any other regulated market is based on the closing price of the banking day preceding the relevant valuation date.

GAMAX FUNDS FCP

Notes to the Financial Statements (Continued)
as at June 30, 2023

Note 2 – Significant Accounting Policies (Continued)

(e) Valuation of assets (Continued)

- In the event that an asset is not listed or traded on a stock exchange or another regulated market or if the price as determined pursuant to paragraph above is not representative of the fair market value of the corresponding asset, the value of such asset is determined based on the reasonably foreseeable sales price determined prudently and in good faith by the Board of Directors of the Management Company.

- The value of money market instruments that are not listed or traded on a stock exchange or another regulated market with a remaining maturity of less than 12 months and of more than 90 days equals the current face value increased by accrued interest. Money market instruments with a remaining maturity of less than 90 days and not traded on any market are valued by the amortised cost method, which approximates market value.

- All other assets are valued at fair market value.

The Management Company, at its own discretion, may permit some other method of valuation to be used if it considers such valuation to be in the interest of a fair valuation of an asset of the Sub-Funds.

The net asset value of these Sub-Funds is struck as at June 30, 2023, with the valuation point for these semi-annual financial statements at June 29, 2023. If the net asset value had been calculated using closing prices as at June 30, 2023, the NAV of the following sub-funds would have been increased/decreased as follow:

Sub - Fund	Impact (% of NAV)
GAMAX FUNDS - ASIA PACIFIC	0.02%
GAMAX FUNDS - MAXI-BOND	0.01%
GAMAX FUNDS - JUNIOR	0.78%

(f) Acquisition of investments and net realised gain/(loss) on disposal of investments

Investments are initially recognised at cost, which is the amount paid for the acquisition of securities, including transaction costs. Net realised gains or losses arising on disposal of investments are determined on the basis of the average cost of investment sold and are recognised in the Statement of Operations and Changes in Net Assets.

(g) Income recognition

Dividend income is accounted for on an ex-dividend basis, net of withholding tax. Interest income is recognised on an accrual basis.

The Sub-Funds may enter into securities lending transactions. All revenues arising from securities lending transactions, net of direct and indirect operational costs and fees, will be returned to the respective Sub-Fund. Details of securities lending are disclosed in Note 14.

(h) Combined financial statements

The combined financial statements are denominated in EUR. The combined statements of net assets equal the sum of the corresponding items in the financial statements of each Sub-Fund.

Note 3 – Units

(a) Subscription

As of June 30, 2023, the following Sub-Funds are open for subscription:

GAMAX FUNDS - ASIA PACIFIC, GAMAX FUNDS - MAXI-BOND and GAMAX FUNDS - JUNIOR (collectively, the "Sub-Funds").

Classes of Investment Units:

- A-investment units and I-investment units;
- I-investments units are not open for subscription in the Sub-Fund GAMAX FUNDS - MAXI-BOND.

GAMAX FUNDS FCP

Notes to the Financial Statements (Continued)
as at June 30, 2023

Note 3 – Units (Continued)

(b) Redemption

The redemption of A units and I units occurs at the applicable net asset value per unit of their classes.

Note 4 – Taxes

The Fund is taxed in the Grand Duchy of Luxembourg with a subscription tax ("taxe d'abonnement") of 0.05% for class A, of 0.01% for class I, per annum on the net asset value of the Sub-Funds reported at the end of the relevant calendar quarter and is payable on a quarterly basis. No such tax is payable in respect of the portion of the assets of each Sub-Funds invested in other Luxembourg Undertakings for Collective Investment if already subject to this tax. Under the current law and practice, the Sub-Funds are not liable to Luxembourg taxes on income or capital gains, nor are dividends paid by the Sub-Funds liable to any Luxembourg withholding tax. Interests, dividends and capital gains on securities may be subject to withholding and capital gains taxes in certain countries.

Note 5 – Contingent Liabilities

As at June 30, 2023, there are no contingent liabilities at the closing date.

Note 6 – Management, Investment management and Cash management fees

(a) Management fees

The Management Company is entitled to receive, out of the assets of the Sub-Funds, a Management fee as follows, which is payable monthly in arrears:

	Class A (up to)	Class I
GAMAX FUNDS - ASIA PACIFIC	1.50%	0.90%
GAMAX FUNDS - MAXI-BOND	1.20%	0.65%
GAMAX FUNDS - JUNIOR	1.50%	0.90%

For the period ended June 30, 2023 the Management Company charged a Management fee of 0.90% for GAMAX FUNDS - MAXI-BOND.

For the period ended June 30, 2023 the Management Company charged a Management fee of 1.50% for the Class A and 0.90% for the Class I for GAMAX FUNDS - ASIA PACIFIC.

For the period ended June 30, 2023 the Management Company charged a Management fee of 1.50% for the Class A and 0.90% for the Class I for GAMAX FUNDS - JUNIOR.

The Management Company is entitled to receive, out of the assets of the Sub-Funds, a representation fee equivalent to 0.30% (only for class A) per annum of the net asset value of the Sub-Funds payable monthly in arrears.

A portion of the Management fee is retroceded to the Portfolio Manager through the Management Company.

(b) Investment management fees

The Investment Manager is entitled to receive, out of the assets of the Sub-Funds, a fee of 0.02% (plus any applicable VAT) per annum of the net asset value of the Sub-Funds.

(c) Cash management fees

The Cash Manager is entitled to receive, out of the assets of the Sub-Funds, a fee of 0.01% per annum (plus any applicable VAT) of the net asset value of the Sub-Funds payable monthly in arrears.

For the period ended June 30, 2023, the Management Company did not charge any Cash Management fee for GAMAX FUNDS - MAXI-BOND.

GAMAX FUNDS FCP

Notes to the Financial Statements (Continued)
as at June 30, 2023

Note 7 – Performance fees

The Manager shall be entitled to a performance fee in respect of each Class of units in issue at the Valuation Day prior to the Calculation Date equal to a percentage of the amount by which the Net Asset Value per Unit of each Class of units (before the deduction of the applicable performance fee and adjustment for any distributions) exceeds the Performance Target Value as at the Valuation Day prior to the Calculation Date. Any such performance fee, where payable, will be subject to a cap of 1% of the Net Asset Value of the relevant Class of units at the end of the relevant Calculation Period. In any given Calculation Period, the **Performance Target Value** for each Class of units is defined as being equal to the high-water mark (the “**HWM**”) increased by the relevant hurdle rate (“**Hurdle Rate**”) for that Calculation Period only.

In calculating the Performance Target Value, adjustments may also be made for subscriptions and redemptions. The adjustments are required so that the performance fee rewards the Manager for the profits earned by the Sub-Fund, as attributable to the relevant Unit Class (i.e. actual absolute value) in the relevant Calculation Period, as opposed to artificial increases in the performance fee simply due to a higher Net Asset Value resulting from new subscriptions (i.e. such increases should not be taken into account). Such artificial increases in the performance fee most notably happen shortly after a new Sub-Fund launch where the size of inflows are material relative to the Net Asset Value of the Sub-Fund, attributable to the relevant Unit Class. Any required adjustments would be made to the accrued performance fee at the time of the relevant subscriptions. Investors should be aware that the performance fee is calculated at the level of the Unit Class and not at individual investor level (on a per Unit basis).

The HWM is described below and the relevant percentages and Hurdle Rates applicable to each type of Sub-Fund are as indicated in the table on the following page.

The HWM of a Class of units will initially be set at the initial offer price of a Class of units on the creation of that Class of units. The initial HWM will remain unchanged until such time as a performance fee crystallises and becomes payable at the end of a subsequent Calculation Period. Upon such crystallisation and payment of a performance fee, the HWM will be adjusted upwards (i.e. on the outperformance of the Performance Target Value). The adjusted HWM will be equal to the Net Asset Value per Unit of the Class of units at the end of that Calculation Period for which a performance fee crystallised and became payable. Where the Net Asset Value per Unit does not outperform the Performance Target Value as at the Valuation Day prior to the Calculation Date, no performance fee is payable (even where the Net Asset Value per Unit exceeded the Performance Target Value during the Calculation Period) and the HWM remains unchanged from the end of the previous Calculation Period.

The performance fee is calculated on the first Dealing Day of January of each year (the “**Calculation Date**”). The Calculation Period is the 12 month period immediately preceding the Calculation Date (the “**Calculation Period**”). The initial offer price of a Class of Units on the creation of that Class of Units shall be used as the HWM for the purposes of the calculation of the performance fee in the first Calculation Period for a Class of Units. For a new Class of Units, the first Calculation Period will commence on the final day of the initial offer period for that Class of Units and will conclude at the end of the first Calculation Period. The performance fee shall accrue daily and will crystallise, be payable and credited to the Manager annually in arrears at the end of each Calculation Period. For the calculation of the performance fee, the total Net Asset Value of each Class of Units in issue for the relevant Sub-Fund is taken into consideration.

The Net Asset Value per unit for a Class of units used for subscription or redemption purposes may include an allowance for performance fee accrual, where applicable. For determination of accruals, where applicable, the Calculation Period is defined as the period to the valuation date from the previous Calculation Date.

In the event that a Unitholder redeems during a Calculation Period, any performance fee accrued up until the time of their redemption will be payable on a pro rata basis. For purpose of the calculation of such performance fee, the Hurdle Rate set out in the table below will be applied on a pro rata basis up until the time of redemption during the Calculation Period.

Sub-Fund Type	Hurdle Rate*	Percentage to be applied on the amount by which the Net Asset Value per unit exceeds the Performance Target Value
Equity	5%	20%
Fixed Income	1%	20%

*Where a performance fee is not payable at the end of a Calculation Period the Hurdle Rate for the following Calculation Period will be applicable for that Calculation Period only at the rates set out in the table above and will not be a cumulative rate including the previous Calculation Period in which a performance fee was not payable. For example, if no performance fee is payable at the end of the first Calculation Period for an Equity Sub-Fund, the Hurdle Rate for the following Calculation Period will remain at 5% for GAMAX FUNDS - ASIA PACIFIC and GAMAX FUNDS - JUNIOR and 1% for GAMAX FUNDS - MAXI-BOND on a pro rata basis and will not be cumulative of both the first and second Calculation Periods (10% for GAMAX FUNDS - ASIA PACIFIC and GAMAX FUNDS - JUNIOR and 2% for GAMAX FUNDS -MAXI-BOND).

Note 7 – Performance fees (Continued)

The Net Asset Value of a Class of Units used in the performance fee calculation is net of all costs and charges incurred by the relevant Sub-Fund, as attributable to that Class, but will be calculated without deducting the accrued performance fee itself, provided that in doing so it is in the best interests of Unitholders.

The Manager may waive, permanently or temporarily, some or all the performance fee accrued in respect of all or part of the assets under management attributable to the relevant Class(es) of units.

The performance fee shall be calculated by the Administrator (subject to verification by the Trustee) and shall be due and payable 10 business days following the Calculation Date.

The Manager is only entitled to and shall only be paid a performance fee if the percentage difference between the Net Asset Value per unit and the performance target value is a positive figure as at the relevant valuation day at the end of the relevant Calculation Period.

Included in that calculation shall be net realised and unrealised capital gains plus net realised and unrealised capital losses as at the relevant Dealing Day at the end of the relevant Calculation Period. As a result, performance fees may be paid on unrealised gains which may subsequently never be realised.

Reference to "Equity" Sub-Funds in the above table is to GAMAX FUNDS - ASIA PACIFIC and GAMAX FUNDS - JUNIOR.

Reference to "Fixed Income" Sub-Funds in the above table is to GAMAX FUNDS - MAXI-BOND.

Performance fees accrued as at June 30, 2023 amounted to EUR nil. However, the amount payable to the Manager is only what is accrued at the date of redemption or at December 31, 2023.

The performance fees are not calculated using an equalisation or series accounting methodology. As a result, the impact of the performance fee on a Unitholder will be different than if performance fees were individually calculated for each Unitholder based on the performance of that Unitholder's investment. Whether a Unitholder is disadvantaged or advantaged by this will depend on the timing of investments by that Unitholder and on the performance of the relevant Unit Class.

For the period ended June 30, 2023, the Manager was not be paid any performance fees for GAMAX FUNDS - ASIA PACIFIC, GAMAX FUNDS - MAXI-BOND and GAMAX FUNDS - JUNIOR.

Note 15 – Distributions

There was no distribution during the period ended June 30, 2023.

Note 16 – Events occurred during the period

Effective May 31, 2023 DJE Kapital AG was terminated as Cash manager on GAMAX FUNDS - ASIA PACIFIC.

It is with much regret that we must inform you of the untimely passing of our Non-Executive director Mr John Corrigan on March 30, 2023. Mr Corrigan was a valued member of the Manager's Board having serving from February 24, 2020. His contribution, skill and expertise are greatly missed by the Board of Directors.

Carin Bryans was appointed as an independent director on May 24, 2023.

Ukraine War Impact

Inflation remains the key focus of investors as central banks try to deal with the high levels that emerged post COVID-19 and was amplified by the war in Ukraine. This, of course resulted in central banks raising interest rates aggressively and caused significant volatility in equity and bond markets last year due to concerns that higher rates may result in an economic downturn.

Today inflation is on a downward trajectory, but the direction of the global economy is still largely dependent on successfully reducing inflation. Despite significant interest rate hikes over the past two years, inflation rates remain above central banks' target of 2%, and some additional monetary policy tightening is expected in the US, Eurozone, and the UK.

Note 16 – Events occurred during the period (Continued)

Central banks have a difficult task of trying to prevent inflation from becoming entrenched, while avoiding economic stress. The longer high inflation persists, the more likely that households adjust to it and the stickier it becomes.

In a worst-case scenario, another inflation surge could lead to a contraction of the global economy and further market losses. Therefore, it is important for policymakers to closely monitor the situation and, if required, take action to ensure stability and prevent another economic downturn. This could include measures to safeguard the stability of the financial system, support businesses and workers, and promote sustainable growth.

Encouragingly the global economy has weathered the surge in inflation relatively well so far, as high household savings from the pandemic and strong pent-up demand have maintained economic growth.

The Board of Directors of the Manager regards these events for the Fund and its Sub-Funds as non-adjusting events after the reporting period. Although neither the Fund's nor its Sub-Funds' going concern status, nor operations, at the date of this report, have been significantly impacted by the above, the Board of Directors of the Manager continues to monitor the evolving situation and its impact on the financial position of the Fund and of their Sub-Funds.

In this environment there could potentially be an adverse impact on the value of the Fund's investments and the ability of the Manager to access markets or implement the Fund's investment policy in the manner originally contemplated. Government interventions or other limitations or bans introduced by regulatory authorities or exchanges and trading venues as temporary measures in light of significant market volatility, may also negatively impact on the Manager's ability to implement the Fund's investment policy. Russian securities under sanction which have been marked down by the Manager are identified within the "Schedule of Investments" section related to each Sub-Fund. The Fund's access to liquidity could also be impaired in circumstances where the need for liquidity to meet redemption requests may rise significantly.

Note 17 – Subsequent Events

In October 2022, CACEIS and Royal Bank of Canada ("RBC") announced they had signed a memorandum of understanding for the intended acquisition by CACEIS of the European asset servicing business of RBC. As part of this acquisition, CACEIS would acquire the entire issued share capital of RBC Investor Services Bank S.A. (IS Bank).

Completion of the sale of RBC IS Bank occurred July 3, 2023, following regulatory approval and RBC Investor Services Bank S.A. became CACEIS Investor Services Bank S.A..

Mr Paul O Faherty retired as a director on July 20, 2023.

Effective August 25, JP Morgan Asset Management (UK) Limited was appointed as a delegate manager on Gamax Funds - Asia Pacific.

Sustainable Finance Disclosure Regulation ("SFDR")

The Sub-Funds do not promote environmental or social characteristics, and do not have as objective sustainable investment (as provided by articles 8 or 9 of SFDR). The investments underlying this financial product do not take into account the EU criteria for environmentally sustainable economic activities (article 7 TR).

Taxonomy Regulation Disclosure

Unless a Sub-Fund promotes environmental or social characteristics, or have as its objective sustainable investment, the underlying investments do not take into account the EU criteria for environmentally sustainable economic activities.

If a Sub-Fund promotes environmental or social characteristics, or have as its objective sustainable investment, it may invest/gain exposure to issuers who engage in economic activities which contribute to climate change mitigation/climate change adaptation under the Taxonomy Regulation.

As at the date hereof, there is insufficient reliable, timely and verifiable data available to be able to assess investments using the Taxonomy Technical Screening Criteria ("TSC") and while there may be investments in the Sub-Fund that are in economic activities that contribute to an environmental objective and be eligible to be assessed against the TSC, the Manager is not currently in a position to describe (i) the extent to which the investments of the Sub-Fund are in economic activities that qualify as environmentally sustainable and are aligned with the Taxonomy Regulation; (ii) the proportion, as a percentage of the Sub-Fund's portfolio, of investments in environmentally sustainable economic activities which are aligned with the Taxonomy Regulation; or (iii) the proportion, as a percentage of the Sub-Funds' portfolio, of enabling and transitional activities (as described in the Taxonomy Regulation).

Accordingly, the minimum share of investments in environmentally sustainable economic activities aligned with the EU Taxonomy including in transitional and/or enabling activities is deemed to be 0%.

The Manager is keeping this situation under active review and where sufficient reliable, timely and verifiable data on the Sub-Fund's investments become available, the Manager will provide the descriptions referred to above, in which case the relevant Prospectus will be updated.

Information for Investors in Switzerland

Total Expense Ratio (TER)

The TER was calculated based on the version dated April 20, 2015 of the "Guidelines on the calculation and disclosure of the Total Expense Ratio (TER) of collective investment schemes" of the Swiss Funds & Asset Management Association (SFAMA). The Asset Management Platform (AMP) Switzerland and SFAMA joined forces to create the Asset Management Association Switzerland (AMAS).

The TER are calculated for the 12 months prior to the closing date.

The annualised Total Expense Ratios for the period ended June 30, 2023 are as follows:

GAMAX FUNDS FCP	Class	TER (excluding Performance Fees)	TER (including Performance Fees)
GAMAX FUNDS - ASIA PACIFIC	A	2.07%	2.07%
GAMAX FUNDS - ASIA PACIFIC	I	1.07%	1.07%
GAMAX FUNDS - MAXI-BOND	A	1.41%	1.41%
GAMAX FUNDS - JUNIOR	A	2.06%	2.06%
GAMAX FUNDS - JUNIOR	I	1.07%	1.07%

Total Expense Ratio (TER) = (operating expenses / average net assets) x 100

The operating expenses include all the fees and costs associated with the Sub-Fund. The subsidiary costs incurred by the Sub-Fund when buying and selling investments are not included in the operating expenses.

If a Sub-Fund invests at least 10% of its net assets in other Sub-Funds which publish a TER within the meaning of the currently applicable directive issued by the SFAMA, a summarised (synthetic) TER of the umbrella Fund must be calculated at the closing date of the annual or interim financial statements. This equates to the total of the pro rata TER of the individual target Sub-Funds, weighted according to their share in the net asset value of the Sub-Fund at the cut-off date, the issue and redemption fees of the target Sub-Funds actually paid and the TER of the umbrella Sub-Fund less the repayments of target Sub-Funds received during the financial year. The synthetic TER is calculated based on the information available at the time when this document is produced.

At the end of the financial period no statement of the synthetic TER was required because the above-mentioned conditions were not fulfilled.

In respect of the units offered in and from Switzerland, the place of performance and jurisdiction is at the registered office of the representative.

Past performance is no indication of current or future performance, and the performance data do not take account of the commissions and costs incurred on the issue and redemption of units.

The annual report, including audited financial statements, the unaudited semi-annual report, the report on changes in the securities portfolio holdings for the year, the Articles of Association, the Prospectus (Swiss version) and the Key Investor Information Documents can be obtained upon simple request and free of charge at the offices of the Swiss Representative:
